### The issue and purpose of the EUROGIP Discussions on 20 March 2014

The contributors will present devices - at the EU or national level - to encourage companies to improve health and safety at work or reduce their claims to work. It will focus on financial and economic incentives, but also other devices (campaigns, inspection, labelling, communication...) that often go together.

The EUROGIP Discussions aim to promote the exchange of experiences on an issue at the European level. They are intended for government officials, business (Human resources, safety managers...), social partners, occupational doctors, consultants, insurers, academics...
