

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

### Health and Safety at Work standards published

- **ISO 4869-6** Acoustics - Hearing protectors - Part 6: Determination of sound attenuation of active noise reduction earmuffs
- **NF U66-053** Equipment for slaughterhouses - Slaughter boxes - Safety and hygiene requirements
- **NF X46-100** Asbestos tracking - Identification of materials and products containing asbestos in installations, structures or equipment contributing to the performance or implementation of an activity - Mission and methodology
- **ISO 24508** Ergonomics - Accessible design - Guidelines for designing tactile symbols and characters
- **ISO 15871** Industrial trucks - Specifications for indicator lights for container handling and grapple arm operations
- **EN 13274-7** Respiratory protective devices - Methods of test - Part 7: Determination of particle filter penetration
- **NF P05-011** Floor coverings - Classification of premises according to their resistance to slippage
- **FD S54-302** Rides and entertainment devices - Guide to the application of EN 13814: 2019, parts 1 to 3 - Safety requirements
- **EN ISO 22065** Workplace air - Gases and vapours - Requirements for evaluation of measuring procedures using pumped samplers
- **EN ISO 9241-220** Ergonomics of human-system interaction - Part 220: Processes for enabling, executing and assessing human-centred design within organizations

### New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

#### **Cranes**

**EN 13000 revision** Cranes - Mobile cranes

#### **Earth-moving machinery**

**EN 474-1/A6 revision** Earth-moving machinery - Safety - Part 1: General requirements

#### **Eye protective equipment**

**EN 14458/A1** Personal eye-equipment - High performance visors intended only for use with protective helmets

#### **Industrial trucks**

**ISO 22915-25** Industrial trucks - Stability check - Part 25: Variable reach off-road trucks operating under special conditions for handling freely suspended loads

#### **Lifts, escalators and moving walks**

**EN 12159 revision** Builders hoists for persons and materials with vertically guided cages

#### **Light and lighting**

**EN 13032-3 revision** Light and lighting - Measurement and presentation of photometric data of lamps and luminaires - Part 3: Presentation of data for emergency lighting of workplaces

#### **Safety requirements for passenger transportation by rope**

**EN 13796-2/A1 revision** Safety requirements for cableway installations designed to carry persons - Carriers - Part 2: Slipping resistance tests for grips

#### **Surface treatment equipment**

**EN 1953 revision** Atomising and spraying equipment for coating materials - Safety requirements
