

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

- **FD CEN ISO/TR 19664** Human response to vibration - Guidance and terminology for instrumentation and equipment for the assessment of daily vibration exposure at the workplace according to the requirements of health and safety
- **EN 14492-2** Cranes - Power driven winches and hoists - Part 2: Power driven hoists
- **EN 12012-4** Plastics and rubber machines - Size reduction machines - Part 4: Safety requirements for agglomerators
- **EN 13071** Stationary waste containers up to 5 000 l, top lifted and bottom emptied
 - **Part 1:** General requirements
 - **Part 2:** Additional requirements for underground or partly underground systems
- **EN 16523-2/A1** Determination of material resistance to permeation by chemicals - Part 2: Permeation by potentially hazardous gaseous chemicals under conditions of continuous contact

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Equipment for harvesting and conservation

- **ISO 8909 revision** Forage harvesters
 - **Part 1:** Vocabulary
 - **Part 2:** Specification of characteristics and performance
 - **Part 3:** Test methods

Waste management equipment

- **ISO 24159** Safety requirements for manually-loading waste collection and transport vehicles

Surface treatment equipment

- **EN 12621 revision** Machinery for supply and circulation of liquid coating materials - Safety requirements
