

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

- **ISO 22915-4** Industrial trucks -- Verification of stability -- Part 4: Pallet stackers, double stackers and order-picking trucks with operator position elevating up to and including 1 200 mm lift height
- **XP E61-115** Robots and robotic components - Physical assistance devices - Terminology
- **EN 12927** Safety requirements for cableway installations designed to carry persons - Ropes
- **XP CEN/TS 17275** Nanotechnologies - Guidelines for the management and disposal of waste from the manufacturing and processing of manufactured nano-objects
- **XP CEN ISO/TS 19590** Nanotechnologies - Size distribution and concentration of inorganic nanoparticles in aqueous media via single particle inductively coupled plasma mass spectrometry
- **FD ISO/TR 17243** Machine tool spindles - Evaluation of spindle vibrations by measurements on non-rotating parts
 - **Part 1:** Spindles with rolling element bearings and integral drives operating at speeds between 600 min⁻¹ and 30 000 min⁻¹
 - **Part 2:** Direct-driven spindles and belt-driven spindles with rolling element bearings operating at speeds between 600 r/min and 30 000 r/min
- **EN 13814** Safety of amusement rides and amusement devices
 - **Part 1:** Design and manufacture
 - **Part 2:** Operation, maintenance and use
 - **Part 3:** Requirements for inspection during design, manufacture, operation and use

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Chariots de manutention

- **EN 12895+A1** Industrial trucks - Electromagnetic compatibility – Amendment 1

Building material machines

- **EN 13035 Revision** Machines and plants for the manufacture, treatment and processing of flat glass - Safety requirements
 - **Part 1:** Storage, handling and transportation equipment inside the factory
 - **Part 2:** Storage, handling and transportation equipment outside the factory

Agricultural and forestry equipment

- **ISO 23316-3** Tractors and machinery for agriculture and forestry - Electrical high-power interface 700VDC/480VAC480VAC - Part 3: Safety requirements
