

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work, for the month of October 2018. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

- **NF X43-215** Air quality - Workplace air - Sampling and analysis of semi-volatile aerosols - Requirements and test methods
- **EN 14458** Personal eye-equipment - High performance visors intended only for use with protective helmets

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Respiratory protective devices

- **ISO 16900-1 Revision** Respiratory protective devices - Methods of test and test equipment - Part 1: Determination of inward leakage

Industrial trucks

- **ISO/DIS 22915-10** Industrial trucks - Verification of stability - Part 10: Additional stability test for trucks operating in the special condition of stacking with load laterally displaced by powered devices
- **ISO/DIS 22915-15** Industrial trucks - Verification of stability - Part 15: Counterbalanced trucks with articulated steering
- **ISO/DIS 22915-20** Industrial trucks - Verification of stability - Part 20: Additional stability test for trucks operating in the special condition of offset load, offset by utilization

Earth-moving machinery

- **ISO/NP 6011** Earth-moving machinery - Visual display of machine operation
- **ISO/NP TR 25398** Earth-moving machinery - Guidelines for assessment of exposure to whole-body vibration of ride-on machines - Use of harmonized data measured by international institutes, organizations and manufacturers
- **NF E 58-060** Road vehicles - Roll-over and fall protection structures - Laboratory tests and performance criteria
- **NF E 58-050-5-A4** Earth-moving machinery - Safety - Part 5: Requirements for excavators - Amendment : Visibility

Protective clothing

- **EN 388:2016+A1** Protective gloves against mechanical risks
- **EN 14404 Revision** Personal protective equipment - Knee protectors for work in the kneeling position
 - **Part 1:** Test methods
 - **Part 2:** Requirements for wearable knee protectors (type 1)
 - **Part 3:** Requirements for the combination of knee pads and garments (type 2)
 - **Part 4:** Requirements for the combination of interoperable knee pads and garments (type 2)
 - **Part 5:** Requirements for knee mats (type 3)
 - **Part 6:** Requirements for kneeling systems (type 4)

Food processing machinery

- **EN 13885 Revision** Food processing machinery - Clipping machines - Safety and hygiene requirements

- **EN 12355 Revision** Food processing machinery - Derinding-, skinning- and membrane removal machines - Safety and hygiene requirements

Continuous handling equipment and system

- **EN 619 Revision** Continuous handling equipment and systems - Safety and EMC requirements for equipment for mechanical handling of unit loads

Road vehicles

- **EN 17003** Road vehicles - Roller brake testers for vehicles of more than 3,5 tons GVW - Safety requirements
