

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

EN 1009-2/A1 (Revision) Machines for mechanical processing of minerals and similar solid materials - Safety - Part 2: Specific requirements for feeding machinery and continuous handling equipment

XP S76-028 Respiratory protective device - Respiratory protective device with an emergency and safety beacon - Requirements for use under heat and flame

00153216 Equipments for slaughterhouses - Slaughtering traps for bovine animals - Safety and hygiene requirements

ISO 22915-23 Industrial trucks — Verification of stability — Part 23: Lorry-mounted trucks

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Industrial trucks

NF ISO 22915-17 Industrial trucks — Verification of stability — Part 17: Towing tractors, burden and personnel carriers

NF ISO 6292 (Revision) Powered industrial trucks and tractors — Brake performance and component strength

Earth-moving machinery

NF EN ISO 7096 (Revision) Earth-moving machinery — Laboratory evaluation of operator seat vibration

Personal protective equipment

FD S71-521 Personal protective equipment against falls from a height - User training - Recommendations

NF EN 407 (Revision) Protective gloves against thermal risks (heat and/or fire)

Woodworking machines

ISO 19085-13 Woodworking machines — Safety — Part 13: Multi-blade rip sawing machines with manual loading and/or unloading

Qualité de l'air - atmosphères ambiantes

NF EN 17346 Ambient air - Standard method for the determination of the concentration of ammonia using diffusive samplers

Entertainment Technology - Machinery, equipment and installations

NF EN 17206 (Revision) Entertainment technology - Machinery for stages and other production areas - Safety requirements and inspections
