

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

#### Health and safety at work standards published

**NF EN 81-40 (revision)** Safety rules for the construction and installation of lifts - Special lifts for the transport of persons and goods - Part 40: Stairlifts and inclined lifting platforms intended for persons with impaired mobility

**NF ISO 21455** Mobile elevating work platforms - Operator's controls - Actuation, displacement, location and method of operation

**NF EN 16486+A1 (revision)** Machines for compacting waste materials or recyclable fractions - Compactors - Safety requirements

**NF EN 12042+A1 (revision)** Food processing machinery - Automatic dough dividers - Safety and hygiene requirements

**NF ISO 22915-5 (revision)** Industrial trucks - Verification of stability - Part 5: Single-side-loading trucks

**ISO 20560-1** Safety information for the content of piping systems and tanks - Part 1: Piping systems

**NF EN ISO 19014-4** Earth-moving machinery - Functional safety - Part 4: Design and evaluation of software and data transmission for safety-related parts of the control system

**NF E90-455** Human exposure to vibration - Tools for hammering - Test methods for evaluation of shock and vibration transmission at the handle

#### New Health and safety at work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

#### Acoustics

**ISO 10302-1 (revision)** Acoustics - Measurement of airborne noise emitted and structure-borne vibration induced by small air-moving devices - Part 1: Airborne noise measurement

#### Cranes

**EN 13557 (revision)** Cranes - Controls and control stations

#### Plastics and rubber machines

**EN 12012-4/A1 (revision)** Plastics and rubber machines - Size reduction machines - Part 4: Safety requirements for agglomerators
