

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and safety at work standards published

NF EN ISO 20349 Personal protective equipment — Footwear protecting against risks in foundries and welding

- Part 1: Requirements and test methods for protection against risks in foundries - Amendment 1
- Part 2: Requirements and test methods for protection against risks in welding and allied processes - Amendment 1

NF EN 15571 Machines and plants for mining and tooling of natural stone - Safety - Requirements for surface-finishing machines

NF EN 1673 Food processing machinery - Rotary rack ovens - Safety and hygiene requirements

NF EN 1974 Food processing machinery - Slicing machines - Safety and hygiene requirements

NF EN 17076 Tower cranes - Anti-collision systems - Safety requirements

NF EN ISO 22065 Workplace air - Gases and vapours - Requirements for evaluation of measuring procedures using pumped samplers

NF EN 1804 Machines for underground mines - Safety requirements for hydraulic powered roof supports

- Part 1: Support units and general requirements
- Part 2: Power set legs and rams
- Part 3: Hydraulic control systems

NF EN ISO 11691 Acoustics - Measurement of insertion loss of ducted silencers without flow - Laboratory survey method

NF EN ISO 11690 Acoustics - Recommended practice for the design of low-noise workplaces containing machinery

- Part 1: Noise control strategies
- Part 2: Noise control measures

New Health and safety at work standards work

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Industrial Trucks

EN 16307-5 (revision) Industrial trucks - Safety requirements and verification - Part 5: Supplementary requirements for pedestrian-propelled trucks

Safety of machines

EN 415 (revision) Safety of packaging machines

- Part 7: Group and secondary packaging machines
- Part 8: Strapping machines

MWaste collection vehicles

EN 1501-4 (revision) Refuse collection vehicles and their associated lifting devices - General requirements and safety requirements - Part 4: Noise test code for refuse collection vehicles
