

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

### Health and safety at work standards published

**ISO 19734** Eye and face protection - Guidance on selection, use and maintenance

**ISO 13688/A1** Protective clothing - General requirements - Amendment 1

**ISO 19918 /A1** Protective clothing - Protection against chemicals - Measurement of cumulative permeation of chemicals with low vapor pressure through materials - Amendment 1: Extraction and chemical analysis

**ISO/TR 22053** Safety of machinery - Safeguarding supportive system

**ISO/PAS 45005** Occupational health and safety management - General guidelines for safe working during the COVID-19 pandemic

### New Health and safety at work standards work

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

#### Pneumatic tools and machines

**ISO 11148-13** Hand-held non-electric power tools - Safety requirements - Part 13: Fastener driving tools

#### Safety of machinery

**ISO 13855** Safety of machinery - Positioning of safeguards with respect to the approach speeds of parts of the human body

#### Safety identification, signs, shapes, symbols and colors

**ISO 20560-2** Safety information for the content of piping systems and tanks - Part 2: Tanks
