

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

NF EN 60825-1/A11 Safety of laser products - Part 1: equipment classification and requirements

NF EN 115-2 (revision) Safety of escalators and moving walks - Part 2: rules for the improvement of safety of existing escalators and moving walks

NF EN 14031 (revision) Workplace exposure - Quantitative measurement of airborne endotoxins

NF EN 81-70 Safety rules for the construction and installation of lifts - Particular applications for passenger and goods passenger lift - Part 70: accessibility to lifts for persons including persons with disability

NF EN 16429 Stationary source emissions - Reference method for the determination of the concentration of gaseous hydrogen chloride (HCl) in waste gases emitted by industrial installations into the atmosphere

NF X43-050 Air quality. Determination of the asbestos fiber concentration by transmission electron microscopy

ISO 3691-6 Industrial trucks - Safety requirements and verification - Part 6: Burden and personnel carriers

ISO/TS 21815-2 Earth-moving machinery - Collision warning and avoidance - Part 2: On-board communication interface

ISO 7010/A3 Graphical symbols - Safety colors and safety signs - Registered safety signs - Amendment 3

NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Human exposure to mechanical vibration and shock

ISO 10326-3 Mechanical vibration - Laboratory method for evaluating vehicle seat vibration - Part 3: Specification of dynamic dummies for z-axis motion

Machines

EN 12012-4/A1 (revision) Plastics and rubber machines - Size reduction machines - Part 4: Safety requirements for agglomerators

ISO 23125-1 Machine tools safety - Turning machines - Part 1: Safety requirements

Protective clothing

ISO 16602 Protective clothing for protection against chemicals - Classification, labelling and performance requirements

- Part 1: General
- Part 2: Physical test methods, classification and requirements
- Part 3: Chemical test methods, classification and requirements
- Part 4: Design
- Part 5: Whole suit test methods, classification and requirements
- Part 6: Guidance for selection, use, care and maintenance
