

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

NF ISO 22955 Acoustics - Acoustic quality of open office spaces

NF ISO 26101-1 Acoustics - Test methods for the qualification of the acoustic environment - Part 1: Qualification of free-field environments

NF ISO 13091-1/A2 Mechanical vibration - Vibrotactile perception thresholds for the assessment of nerve dysfunction - Part 1: Methods of measurement at the fingertips - Amendment 2

NF ISO 13091-2 (révision) Mechanical vibration - Vibrotactile perception thresholds for the assessment of nerve dysfunction - Part 2: Analysis and interpretation of measurements at the fingertips

NF ISO 15230-1 Mechanical vibration and shock - Coupling forces at the man-machine interface for hand-transmitted vibration - Part 1: Measurement and evaluation

NF EN ISO 8041-2 Human response to vibration - Measuring instrumentation - Part 2: Personal vibration exposure meters

ISO 10819/A2 (revision) Mechanical vibration and shock - Hand-arm vibration - Measurement and evaluation of the vibration transmissibility of gloves at the palm of the hand - Amendment 2

NF ISO 16000-6 (revision) Indoor air - Part 6: Determination of organic compounds (VVOC, VOC, SVOC) in indoor and test chamber air by active sampling on sorbent tubes, thermal desorption and gas chromatography using MS or MS FID

ISO 24095 (revision) Workplace air - Guidance for the measurement of respirable crystalline silica

NF ISO 21741 Stationary source emissions - Sampling and determination of mercury compounds in flue gas using gold amalgamation trap

New Health and safety at work standards work

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Protective clothing

WI 00162468 Protective clothing against solid airborne particles including radioactive contamination - Part 3: Requirements and test methods for chemical protective suit combined with powered filtering devices, protecting the body and the respiratory tract

ISO 22615 Protective clothing - Performance requirements and test methods for protective clothing against infective agents

ISO 6529 (revision) Protective clothing - Protection against chemicals - Determination of resistance of protective clothing materials to permeation by liquids and gases

Plastics and rubber machines

NF EN 16474 (revision) Plastics and rubber machines - Tyre curing machines - Safety requirements

Waste collection and transportation management

ISO 24159 Refuse collection vehicles - Safety of manual and rear loaded refuse collection vehicles
