

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

ISO 7010/A2 & A3 (Revision) Graphical symbols -Safety colours and safety signs -Registered safety signs - Amendment 2 et Amendment 3

NF EN 280-2 (Revision) Mobile elevating work platforms - Part 2: Additional safety requirements for load lifting appliances on the extending lifting structure and work platform

NF EN ISO 22291 Safety requirements for wetlaid-nonwoven machinery

XP ISO/TS 19014-5 Earth-moving machinery -Functional safety -Part 5: Tables of performance levels

NF ISO 14990 Earth-moving machinery -Electrical safety of machines utilizing electric drives and related components and systems

- Part 1: General requirements
- Part 2: Particular requirements for externally-powered machines
- Part 3: Particular requirements for self-powered machines

NF EN 15093 (Revision) Safety of Machinery - Safety requirements for hot flat rolling mills

NF EN 14753 (Revision) Safety of machinery - Safety requirements for machinery and equipment for continuous casting of steel

NF EN 15061 (Revision) Safety of machinery - Safety requirements for strip processing line machinery and equipment

NF EN 17449 Safety of machinery - Safety requirements to finishing lines for metal strip

NF EN 619 (Revision) Continuous handling equipment and systems - Safety requirements for equipment for mechanical handling of unit loads

NF ISO 10326-2 (Revision) Mechanical vibration -Laboratory method for evaluating vehicle seat vibration -Part 2: Application to railway vehicles

NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Protective clothing including hand and arm protection and lifejackets

EN 14325/A1 Protective clothing against chemicals - Test methods and performance classification of chemical protective clothing materials, seams, joins and assemblages

Human exposure to mechanical vibration and shock

ISO/TR 15230-2 Mechanical vibration and shock - Coupling forces at the man-machine interface for hand-transmitted vibration - Part 2: Guidelines for the evaluation of coupling forces

Machinery safety

ISO 19711-2 Building construction machinery and equipment - Truck mixers - Part 2: Safety requirements
