

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

NF EN 13796-2/A1 (revision) Safety requirements for cableway installations designed to transport persons - Carriers - Part 2: Slipping resistance tests for grips

NF EN 81 Safety rules for the construction and installation of lifts - Lifts for the transport of persons and good

- Part 21: new passenger and goods passenger lifts in existing building
- Part 28: remote alarm on passenger and goods passenger lifts
- Part 58: landing doors fire resistance test
- Part 71: vandal resistant lifts
- Part 77: lifts subject to seismic conditions

NF ISO 11228-2/A1 Ergonomics - Manual handling - Part 2: pushing and pulling - Amendment

NF ISO 24338 (revision) Laminate floor coverings - Determination of abrasion resistance

NF EN 13885 (revision) Food processing machinery - Clipping machines - Safety and hygiene requirements

NF EN 12355 (revision) Food processing machinery - Derinding- skinning- and membrane removal machines - Safety and hygiene requirements

NF ISO 11929-4 (revision) Determination of the characteristic limits (decision threshold, detection limit and limits of the coverage interval) for measurements of ionizing radiation - Part 4: guideline to applications

NF EN ISO 26101-1 Acoustics - Test methods for the qualification of the acoustic environment - Part 1: Qualification of free-field environments

NF EN 15163 (revision) Machines and installations for the exploitation and processing of natural stone

- Part 1: Requirements for stationary diamond wire saws
- Part 2: Requirements for transportable diamond wire saws

NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Compatibility of Personal Protective Equipment

ISO TS 20141 (revision) Personal safety - Personal protective equipment - Guidelines on compatibility testing of PPE

Respiratory protective devices

EN 137 (revision) Respiratory protective devices - Self-contained open-circuit compressed air breathing apparatus with full face mask - Requirements, testing, marking

Rough-terrain trucks

ISO 10896-8 Rough-terrain trucks - Safety requirements and verification - Part 8: Requirements for trucks designed to tow trailers and equipment
