

**New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.**

#### HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

**NF EN 353-2** Personal fall protection equipment - Guided type fall arresters including an anchor line - Part 1: guided type fall arresters including a rigid anchor line

**NF EN 13237** Potentially explosive atmospheres - Terms and definitions for equipment and protective systems intended for use in potentially explosive atmospheres

**NF EN 14983** Explosion prevention and protection in underground mines - Equipment and protective systems for firedamp drainage

**NF EN ISO 19085** Woodworking machines - Safety

- Part 4: vertical panel circular sawing machines
- Part 5: dimension saws
- Part 7: surface planning, thickness planning and combined surface/thickness planning machines
- Part 8: belt sanding and calibrating machines for straight workpieces
- Part 9: circular saw benches (with and without sliding table)
- Part 11: combined machines

**NF EN ISO 45001/A1** Occupational health and safety management systems - Requirements with guidance for use - Amendment 1: climate action changes

#### NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

##### Acoustics

**ISO 20270** Acoustics - Characterization of sources of structure-borne sound and vibration - Indirect measurement of blocked forces

##### Safety of machinery

**NF EN ISO 20607** Safety of machinery - Instruction handbook - General drafting principles
