

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

NF ISO 7021 Earth-moving machinery and machinery for forestry - Operator protective structures - Material performance requirements

NF EN ISO/IEC 80079-49 Explosive atmospheres - Part 49: Flame arresters - Performance requirements, test methods and limits for use

NF EN ISO 13855 Safety of machinery - Positioning of safeguards with respect to the approach of the human body

NF EN ISO 19085-12 Woodworking machines - Safety - Part 12: tenoning/profiling machines

NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Cranes

- **EN 12999:2020+A1 (revision)** Cranes - Loader cranes
- **EN 16851 (revision)** Cranes - Light crane systems

Head protection

00158121 Head protection — Scientific background and rationale to EN 17950 "Protective helmets - Test methods - Shock absorption including measuring rotational kinematics"

Ergonomics

- **FD X35-111** Ergonomics - Assessment of the combination of postures, effort and exposure time - Duration and frequency
- **ISO 9241-930** Ergonomics of human-computer interaction — Part 930: Multimodality in tactile and haptic interaction

Surface treatment equipment and facilities and foundry machinery

- **EN 16985 (revision)** Spray booths for organic coating material - Safety requirements
- **00271066** Machines for surface cleaning and pre-treatment of industrial items using liquids or vapours
