

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

XP S76-010 Personal protective equipment - Respiratory protective devices - Complete pressure vessel for use with self-contained open-circuit breathing apparatus with full face mask - Requirements, testing, marking

EN ISO 9241-920 Ergonomics of human-system interaction - Part 920: tactile and haptic interactions

NF ISO 16900-6/A1 Respiratory protective devices - Methods of test and test equipment - Part 6: mechanical resistance/strength of components and connections - Amendment 1

NF ISO 16900-11 Respiratory protective devices - Methods of test and test equipment - Part 11: determination of field of vision

NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Appareils de levage à charge suspendue

EN 13001-2:2021/prA2 Cranes - General design - Part 3-2: limit states and proof of competence of wire ropes in reeving systems

Explosive atmospheres

EN 1127-2 (revision) Explosive atmospheres - Explosion prevention and protection - Part 2: basic concepts and methodology for mining

Earth-moving machinery

ISO/TR 5757 Earth-moving machinery - Machines utilizing electric rechargeable energy storage systems (RESS)

ISO/TR 6750-2 (revision) Earth-moving machinery - Operator's manual - Part 2: List of references

Ergonomics

ISO 25563 Ergonomics - Process for the integration of wearable physical assistance devices and robots (exoskeletons) - Expression of needs, selection, design, assessment and deployment

Workplace atmospheres

ISO 21832 Workplace air - Metals and metalloids in airborne particles - Requirements for evaluation of measuring procedures - Amendment 1

Emergency safety showers

EN 15154 (revision) Emergency safety showers

- Part 3: Non-plumbed-in body showers
- Part 4: Non-plumbed-in eyewash units

Surface treatment equipment - Safety

EN 12753 (revision) Thermal cleaning systems for exhaust gas from surface treatment equipment - Safety requirements

Drilling and foundation machinery and equipment

NF EN ISO 20770-1 Drilling and foundation equipment – Safety - Part 1: Common requirements

Entertainment Technology - Machinery, equipment and installations

EN 17206 (revision) Entertainment technology - Machinery for stages and other production areas - Safety requirements and inspections

00271066 Cleaning and pre-treatment machines for industrial parts using liquids or vapours
