

**New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.**

#### HEALTH AND SAFETY AT WORK STANDARDS PUBLISHED

**NF U66-056** Slaughter equipment with pyrotechnic propellant charge - Safety and hygiene requirements

**NF EN 15180 (Revision)** Food processing machinery - Food depositors - Safety and hygiene requirements

**FD S71-522** Personal fall protection equipment - Guide for the installation of anchor devices - Design, installation and inspection

**NF EN 14373+A1 (Revision)** Explosion suppression systems

**NF EN 81-43 (Revision)** Safety rules for the construction and installation of lifts - Special lifts for the transport of persons and goods - Part 43: lifts for cranes

**NF EN ISO 14119 (Revision)** Safety of machinery — Interlocking devices associated with guards — Principles for design and selection

**NF EN 16339 (Revision)** Ambient air - Method for the determination of the concentration of nitrogen dioxide by diffusive sampling

**NF ISO 7334** Earth-moving machinery - Vocabulary and taxonomy for automation and autonomy

#### NEW HEALTH AND SAFETY AT WORK STANDARDS WORK

The new subjects are registered at the CEN or ISO preliminary stage or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

##### Cranes

**EN 13155:2020+A1 (Revision)** Crane - Safety - Non-fixed load lifting attachments

**EN 17076:2020+A1 (Revision)** Tower cranes - Anti-collision systems - Safety requirements

##### Earth-moving machinery

**ISO 3471:2008/Amd 1** Earth-moving machinery — Roll-over protective structures — Laboratory tests and performance requirements — Amendment 1

##### Industrial trucks

**ISO 24134 (Revision)** Industrial trucks — Additional requirements for automated functions on trucks

**ISO 6055 (Revision)** Industrial trucks — Overhead guards — Specification and testing
